Title: What Must Be Done Before We Can Do Good Construction (Series I)

Editor: Chung-yang Jen-min Cheng-fu Jan-liao Kung-yeh-pu Pien

Publisher: Jan-liao Kung-yeh Ch'u-pan She, Peiping, 1952

Sponsor or

Issuing Authority: Ministry of Fuel Industry, Chinese People's Government

No Pages: 166

Language: Chinese

STAT

Area of Coverage: China - Northeast, North, East, and Central-South Adminis-
trative Areas

Subjects Covered: Economic planning; planning techniques; scientific and
technical aspects of construction.

Scholarship Evaluation: Scholarly; newspaper articles and editorials for
public consumption (Some articles written by factory superintendents
and engineers)

Review: Compendium of government documents issued by the ministries and
departments concerned with construction. Contains essays and news-
paper editorials compiled by the Ministry of Fuel Industry for the
guidance of workers. Also include directives of the Committee of
Finance and Economics, and results of investigations of various fac-
tories and mines.

Book is divided into four sections with a total of 33 items. The
first section covers the aims of basic construction work and includes
the directive of the Committee of Finance and Economics on basic con-
struction plans for 1951, the decision of the Government Administra-
tion Council on the systems of closing accounts, budget investigation,

capital investments, and currency management. Five other documents include decisions and directives of the Northeast People's Government and of the East China Military and Administrative Committee on basic construction plans for their respective areas.

The second section deals with the inspection of basic construction engineering work in factories and mines. Ten articles discuss shortcomings, work, and mistakes in planning in certain plants and mines.

The third section deals with the requirements of good basic construction and with the technical aspects and problems of planning. The fourth section contains articles which call for a purge of mistaken ideas on basic construction.
